Dear Sam,

We very much appreciate your donation of hygiene items. You have opened your heart to the needs of strangers when they were struggling to provide basic necessities for their family. Through your generosity they can turn to Daystar Life Center.

Daily, people come to our doors that have nowhere else to turn. They have lost their employment; they had unexpected expenses on an income that does not stretch enough to save; and sometimes they have burned their bridges and are working to make positive changes. Sometimes their family members are worse off than they are and unable to help, and sometimes they don't know where to begin. Daystar continues to maintain a grassroots philosophy of everyone's situation is unique and service first. Although things have been uncertain and tough in the past year, we have been able to maintain and even expand some services through remaining frugal and concentrating on the needs of people.

As always, we are so very grateful for what you do to keep these vital services available. You are remembered in our prayers and we ask that you keep us in yours. God bless you!

Peace and Health,

Jane Trocheck Walker
